PETITION FOR AMENDMENT TO ZONING ORDINANCE TO THE SELECTBOARD OF  
GREENFIELD, NEW HAMPSHIRE:

DEC 08 2014

The undersigned legal voters of the Town request, pursuant to RSA 675:4, I, that the Zoning Ordinance of the Town be amended as follows:

To see if the Town will vote to amend the Zoning Ordinance, Section III.E.3, to add a second exception to the setback requirement in the General Residence District, by inserting the proposed underlined text, as follows:

"There shall be between the nearest side of any public highway and the extreme front of any building a yard having a minimum depth of one hundred (100') feet. There shall be between the side and rear borders of any lot and the nearest part of any building a yard not less than fifty (50') feet. There are, however, two exceptions to these setback requirements. There is an exception for a building, the extreme front of which is not less than 30 feet from the nearest public highway, and, provided that such building is in existence at the time of passage of this amendment, such building shall be deemed a conforming building. For lots smaller than two acres in area and deemed conforming per the following paragraph 4, setback requirements will be reduced in proportion to the actual lot size divided by the minimum lot size, however, in no case will setbacks be less than 30 feet at the front and 20 feet at the sides and rear. No building addition shall have to be set back from the lot line any further than any existing building on the lot."
